

## **NO TURNING BACK**

by Gary Johnson

Well-to-do, middle class, broke,  
Whether you doze or are woke,  
If you're still alive  
At age 65,  
Remember this, Jack,  
There's no turning back,  
You've joined us elderly folk  
And you won't get out till you croak  
So accept it as God's little joke.  
Congratulations,  
The byword is "patience."  
Have a drink. Perhaps a smoke.
